FROM THE PRESIDENT, JOE LUTZ

Ladies and Gentlemen of Red Brush:

We have all experienced a trying past two months. Decisions to cancel meetings and auction night were made with great reservations by the Board of Directors. Hopefully the ever-present pandemic will abate, and we can enjoy a more normal remainder of the year.

Looking forward to enjoying the range.

Respectfully
Joe Lutz

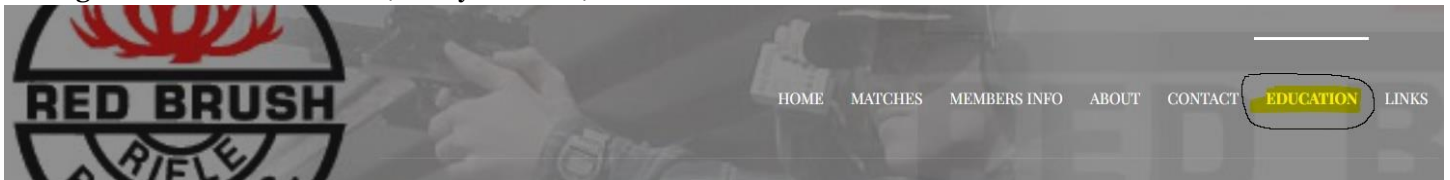

FROM THE MEMBERSHIP CHAIRMAN, MIKE MAURER

We lost a fair number of members due to various reasons such as moving, loss of interest, not using the range. And we lost a few good friends who passed along the way. However, the number of new applicants has surpassed the number of those who did not renew. I am sorry to see those who chose to leave Red Brush, but glad that we are gaining new members and new friends.

Thanks, Mike Maurer

FROM THE 2022 YOUTH DAY CHAIR, CHARLES HALLAM

It is time to start the 2022 Youth Day pre-registration, March 1st, at Red Brush. The pre-registration will be done through [Red Brush Web Site](#) (see flyer below).

For our members, this is worth a workday credit to all volunteers. More to come!

Volunteer Sign-in will be from 6:00am to 7:00am June 18th. Volunteers can email Charles Hallam (crhscoop@wowway.com) or Mike Loy (mwLoy17@gmail.com) to get on the volunteer list. It takes about 90 plus volunteers to put this event on. We will have coffee and donuts in morning and provide lunch.

Thank You,
Charles Hallam

LOST AND FOUND

Members continue to leave items behind at the range, and other members are great about finding and reporting them to me.

Please notify me if you lose or leave something valuable at the range. The same goes for finding other member's items. Unfortunately, I get both calls (finding and losing), but very few that connect.

If you take possession of found property, it must be reported within 24 hours.

Contact Mike Maurer (812-490-0949 or mikemaurer@wowway.com) or Joe Lutz (812-431-3672 or joerlutz3@gmail.com).

FROM THE RANGE OFFICER, FRANK FINDLEY

Reports of Defective Ammo Continue

In the [December 2020](#), [June 2021](#), and [October 2021](#) newsletters we discussed reports of defective ammunition apparently exacerbated by the increased production to meet the strong demand. The reports continue with the most recent ones with even more obvious defects. As an example, this video shows a new box of ammunition that not only had mixed primers, but also bullets installed backwards:

<https://www.youtube.com/shorts/--EsGQ4odk8>

Given these circumstances it is a good idea to check all newly purchased ammo as soon as you acquire it. If you find any issues, please alert the retailer and manufacturer. As a rule, they are usually very good about replacing defective ammo if not immediately, as soon as possible. And it will help them identify lots that shipped with potential safety issues.

Range Safety Monitor Program Update

I would like to thank all those who have been acting as range monitors over the last year. During their 'walk-arounds' they have identified several issues which were corrected. They have also been helping man the 500-yard bay when open to members, assisting new members learn about the range features, and monitoring the gates during some construction projects.

To help members identify the monitors who are willing to provide support at the range, we have acquired hats for them. You wouldn't think that would be difficult, but with supply chain issues it took over 9 months for them to be delivered! So, if you see an individual wearing one of these, please feel free to ask them questions.

As soon as the Covid status in the county drops to "yellow" level, we will be holding a range safety monitor meeting at the range to distribute the hats and discuss improvements to the program. If you are interested in becoming a range safety monitor, please drop me an email.
