FROM THE PRESIDENT, JOE LUTZ

In Memory of James Berry

A Thank You to Mrs. James Berry who graciously gave leather goods from her late husband's estate to Red Brush. These items were available at last month's meeting to whoever had a need for them.

Attention:

A job well done is given to all the Law Enforcement Agencies who train at Red Brush. After their range use they typically leave the range in better condition than they found it. More members need to follow their example and pick up after themselves. Red Brush does not have a paid caretaker on staff to maintain the Range. Quite often the trash barrels are left overflowing with targets and cardboard to be scattered by the wind. When you see a trash barrel nearing being full, and you are physically able to empty it into the dumpster, please do so. Putting your targets and cardboard backer in the dumpster is a better option than stuffing it into a barrel. Wet cardboard is heavy and difficult to remove from the trash barrel. Take pride in your Range. Please strive to make the Range a clean and safe place to shoot. Thank you!

Respectfully,
Joe Lutz

FROM THE GROUNDS CHAIRMAN, JEFF WEBBER

I want to thank **Craig Arnold** for braving the heat with me for the July workday.

For August I have plenty of tasks yet to complete. Painting, weed eating, welding and a lot of general cleanup.

We now have fans in every shooting bay. Thanks to member **Cody Matsel** of Oxbow Electric and his crew for getting them installed so fast. Each bay has a timer switch that controls the fans.

See You at the Range.
Jeff Webber

LOST AND FOUND

Members continue to leave items behind at the range, and other members are great about finding and reporting them to me.

Please notify me if you lose or leave something valuable at the range. The same goes for finding other member's items. Unfortunately, I get both calls (finding and losing), but very few that connect.

If you take possession of found property, it must be reported within 24 hours.

Contact Mike Maurer (812-490-0949 or mikemaurer@astound.net) or Joe Lutz (812-431-3672 or joerlutz3@gmail.com).

RANGE OFFICER, FRANK FINDLEY

NEW FANS BEING INSTALLED ON BAYS

While the outside temperature has subsided a bit, there is still potential for heat related illnesses. But there is good news from Grounds Chairman Jeff Webber that will help. Fans have now been installed on Bays 1 through 5 and the other bays are in process.

To activate these fans, simply rotate the timer switch beyond the "turn past" point. They will turn off once the timer counts down to the off position.

HEARING PROTECTION ACT UPDATE – WATERED DOWN VERSION PASSED

For the last two months we have monitored this important piece of firearm safety legislation. Unfortunately, efforts in the Senate to water down the bill were successful. Senate Republican leadership, including Vice President Vance, were unwilling to go to bat for gunowners on the Hearing Protection Act. This resulted in the passage of an extremely watered down version.

The \$200 registration tax will be eliminated come January 2026. But the forms, fingerprints, registration, and approvals are still required. This undermines firearm manufacturers' plans to include suppressors with their firearms. There was also no processing time designated in the law, which means that lengthy processing times of a year or more could return under future administrations. Most odious, the six-month delay in the act going into effect is putting tremendous pressure on the suppressor manufacturers as many consumers are delaying purchases to save the \$200.

On a positive note, organizations such as Gun Owners of America are launching lawsuits to get the registration requirement dropped. There is case history that \$0 taxes are unconstitutional so there is a good chance that these lawsuits will succeed. However, the expected time to get such a case all the way through to the Supreme Court is six to eight years.

AIR CONDITIONING AND DRINKING WATER AVAILABLE IN THE MEMBERS ROOM AND WEBER TRAINING FACILITY

With the outdoor temperatures increasing, heat exhaustion and other related conditions return as a threat. Remember that the members' room is air conditioned and a drinking water cooler is available there. Drinking water is also provided in the hall of the WTF. If you should find that the water is running low, please let an officer know so that we can get the coolers resupplied.

The table below details the symptoms of various heat related conditions and what actions to take if someone is experiencing them.

FROM THE DNR, JIM MICHAUD

Members, the hunter education class has been scheduled for Saturday August 16th, from 08:00 to 15:00, and on Sunday August 17th, from 08:00 to 15:00 depending on Class Size. The hunter education class allows future hunters to be able to hunt safely and is required to get an Indiana hunting license.

We are planning to use the new club house on these two days, and to do shooting on Sunday on Bay #3 for 22 rifles and Bay #10 for shotguns. This is rare in our area, as most DNR Hunter Education Classes, in our area, do not do shooting.

The Board of Directors has also approved workday credits for Club Members that volunteer. If you are a certified DNR instructor, and willing to assist, please send me an email to james.e.michaud@gmail.com, with the subject titled “**RBRR DNR Class**” with your preferred area of instruction. If you would like to assist with the firearms portion of our class as a range coach, as we do on Youth Day Shoot, please also send me an email with the above subject and your qualifications as a coach. If I find in the future that we cannot get firearms and ammo I will let you know.

If you are a DNR Instructor remember that you need to get your class hours every two years.

If you would like to be a DNR instructor, helping the youth, young adults and adults keep our hunting sport going please send me an email to the above with your contact information, so I can get the process going.

Thank You,
Jim

UPCOMING RANGE EVENTS INFORMATION

- **Red Brush Steel – Sun Aug 10:** We shoot the 2nd Sunday of every month. The minimum number of rounds is 200.... if you don't miss. Standard safety equipment (eye pro, ear pro) required. If you shoot a .22 rifle or pistol you do not need a holster. Center fire pistols and revolvers require a holster. Your long gun, rifle or pcc, need to be cased. .22 pistols need to be cased.

Basic match format: there will be 6 or 8 stages. Each stage is 5 targets. Each stage is shot 5 times, with the slowest string being dropped. The farthest targets will be 35 yards. 7 of the 8 stages require no movement. One stage, outer limits, requires movement on the clock but you only move 6 feet.

There is a great YouTube video that explains most everything:

https://youtu.be/fni4BlduAyy?si=acBXgm4TA_ttWz-c

- **500-yard Precision Rifle Steel Open Member Days – Tue Aug 5 & Wed Aug 20:** The 500-yard range will be open for members interested in shooting steel targets of various sizes at known distances. This will occur 1-3 weekdays per month. Set up will begin at 07:00 and break down at 11:30. These days will be posted on the calendar in the newsletter of the respective month. The 400-yard range will be closed during this time. We will do our best to coordinate this with the range schedule so that bay 4 is open for those interested in shooting paper etc. Eric Craig and Tom Ancona will be overseeing and acting as Range Officers' for the 500-range on these days. We encourage anyone interested in long range shooting to come out and get involved! It should be a fun time and learning opportunity for everyone who chooses to take part (regardless of experience). We do ask that you have your rifle zeroed prior. We will be shooting steel only and spotting target impacts from the firing line. The line will remain hot unless target failure or other necessary reasons to go cold.
- **Sub Gun Match, Sun Aug 17:** Stage set up 10:30 on Bay 1, shooting starts at 12:00 noon. Pistol caliber sub-Guns only. We shoot paper and steel targets at 25 yards. Bring yours or come out to watch. Mike Maurer 812-305-2767.
